Hi Valerie,

Right now we are negotiating an amended CD with CRW and this case has been ugly for many reasons. Let me check with Victor Landis at SERO if it is OK with them. Just last week EPA-OW wanted to give [redacted] an award for green infrastructure and PADEP said no way, because of numerous compliance issues. The big issue is that [redacted] did not buy enough Bay credits and we are about to issue a \$90,000 penalty.

I will get back to you.

Steve,

We always run these award nominations through an enforcement check. Mggie thought you might have first hand knowledge of this. Can you give it a once over? Thanks.

Valerie, Here is PENNVEST's CW submittal – Capital Regional Water.
You might want to check in with Steve Maslowski – I think he's got an enforcement action going but I this might be addressing that.
